2. As a result of your VPW speech, the Agency is receiving requests for bibliographies on Communism, requests for information on what aspects of Communism you think should be taught in high schools, what teaching aids you recommend, i.e. what books, pamphlets, tape recordings, slide films, radio, TV. Requests are also being made for copies of the "blueprint" you referred to in your speech.
3. I am attaching two letters, typical of those being received, as per your instructions last evening that you would like to think over what action to take re these requests.
